| Eligible area | The eligible area of implementation of projects is the territory of Slovenia , project activities can also be carried out in Norway , Iceland and Liechtenstein when relevant to the project. The implementation of project activities outside these two eligible areas shall be admissible only in specially justified cases and subject to prior approval of the GODC. Outcomes and the outputs of the projects must be implemented in Slovenia . |
| Project funding: | Minimum 200,000 EUR / maximum 2,000,000 EUR |
| Grant rate | Up to 100 % of the total eligible expenditure. |
| Project duration | 12–24 months . Projects must be completed by 30 April 2024 at the latest. |

Focus

Focus is on developing **new models of regional sustainable mobility management** and sustainable mobility management at high-volume traffic locations. This promotes **reducing carbon footprint** by traffic.

Expected outputs (applicants are expected to choose one)

| | | |
|--|---|--|
| Objective 1: Measures to improve regional sustainable mobility implemented (develop and test sustainable mobility model) | Objective 2: Measures to improve regional sustainable mobility implemented (development of an integrated regional transport strategy) | Plans for sustainable mobility management at high-volume traffic locations developed |
|--|---|--|

Further information about the outputs and associated indicators is highlighted in the Guide for Beneficiaries **PART 1**.

Supported activities

The following list contains illustrative examples of activities eligible for support:

| | | |
|---|--|---|
| <ul style="list-style-type: none">• development of a regional mobility management model, including guidelines for its dissemination and recommendations for improving legislation,• establishment of regional mobility centres operating for at least 1 to 2 years,• providing specialised training,• carrying out targeted awareness raising campaigns to promote sustainable mobility. | <ul style="list-style-type: none">• development of a regional sustainable mobility plan in line with applicable national guidelines. | <ul style="list-style-type: none">• development of sustainable mobility plans for high-volume traffic generating institutions and locations,• implementation of (pilot) measures that are investment-oriented,• implementation of information and awareness raising campaigns with the aim of promoting sustainable means of transport. |
|---|--|---|

Further information on supported areas may be found in the Guide for Beneficiaries **PART 1** and further information on project development in the Guide for Beneficiaries **PART 2**.

Eligible expenditures

Eligible expenditures are those that are incurred between the first and final dates of eligibility as specified in the project contract; are connected with the subject of the project contract and are indicated in the detailed budget of the project.

Eligible expenditures and the specific criteria applicable to individual categories are further detailed in the Guide for Beneficiaries **PART 4**.

Application deadline

All applications must be submitted by **30 September 2021 at 12:00 (noon) CET**, using the [electronic monitoring system \(eMS\)](#). Applications received by other means will be rejected.

Further information about the complete application may be found in the Guide for Beneficiaries **PART 1**.

Selection process and criteria

Projects will be selected based on the quality of the applications and on the extent to which they meet the selection criteria described in the Call for Proposals. Applicants must receive a minimum **of 75 point out of 95 points** to qualify for financing. Projects with a project partner from the Donor States shall additionally receive **5 points** after the achieved threshold of 75 points.

The **selection results** should be made public approximately **6 months** after the final date for the application submission.

The selection criteria and process are further elaborated on in the Guide for Beneficiaries **PART 1**.

Project contract and reporting obligations

Successful applicants – Project Promoters – will be required to enter into a **project contract** with the Programme Operator. The Project Promoter takes on full responsibility for the project and is obligated to submit **Joint Project Reports**, based on Partner Reports of each project partner, and the **Final Project Report**.

Further information regarding the project promoters' reporting obligations is elaborated on in the Guide for Beneficiaries **PART 5**.
