

## Annex III – Sector Codes

Sector codes are based on the OECD Common Reporting Purpose (CRP) Codes<sup>16</sup> published in May 2016.

The codes used for the EEA and Norway Grants are recorded using 7-digit codes. The first 3 digits refer to the corresponding OECD Development Assistance Committee (DAC) 5 sector.

The next two digits refer to the OECD CRS or voluntary code and the last two digits have been added by the FMO for allowing addition of special defined codes for the EEA and Norway Grants.

Codes that are irrelevant to the EEA and Norway Grants have been excluded, selected descriptions and clarifications have been altered to customize the codes. Finally, the placement of some sector codes under the different DAC5 sectors have also been customized.

| <b>1513003</b>  | <b>Probation services</b>                                     |
| Statutory criminal justice service that supervises high-risk offenders released into the community supporting their rehabilitation, preparing pre-sentence reports for courts, to help them select the most appropriate sentence, managing approved premises for offenders with a residence requirement on their sentence, assessing offenders in prison to prepare them for release on licence, helping all offenders serving sentences in the community to meet the requirements ordered by the courts, tackling the causes of offending and enabling offenders to turn their lives around, reducing the risk of reoffending.   |   |
| <b>1513004</b>  | <b>Alternative dispute resolution</b>                         |
| Procedures for settling disputes by means other than litigation; e.g. by Arbitration, mediation, or minitrials. Such procedures, which are usually less costly and more expeditious than litigation, are increasingly being used in commercial and labour disputes and in other disputes that would likely otherwise involve court litigation. (Includes a wide range of processes, many with little in common except that each is an alternative to litigation)  |   |
| <b>1513005</b>  | <b>Legal aid, counsel, treatment and shelters</b>             |
| A scheme which helps with the cost of legal advice (council) and representation in court. Treatment involves detoxification (the process by which the body rids itself of a drug), behavioural counselling, medication (for opioid, tobacco, or alcohol addiction), evaluation and treatment for co-occurring mental health issues such as depression and anxiety, long-term follow-up to prevent relapse. Shelters for homeless people and help to badly housed people.  |   |
| <b>1513006</b>  | <b>Border management</b>                                      |
| The management of operational cooperation at the external borders. The facilitation of legitimate movement of trade and travellers across borders and controlling borders in order to identify and prevent cross-border crime. Border police and customs. The prevention and detection of movement of migrants across borders in search of better socio-economic conditions or in flight from conflict, and the globalization of crime (smuggling) and the international economy, border surveillance, border security.   |   |
| <b>1513007</b>  | <b>Countering organized crime</b>                             |
| Countering organised crime challenges law enforcement as well as the society as a whole and range from traditional use of correctional penalties to preventive measures in order to make OC less profitable. Organized crime (OC) is a category of transnational, national, or local groupings of highly centralized enterprises run by criminals who intend to engage in illegal activity, most commonly for money and profit. Organised crime can also be defined as serious crime planned, coordinated and conducted by people working together on a continuing basis. Their motivation is often, but not always, financial gain. Organised criminals working together for a particular criminal activity or activities are called an organised crime group, often loose networks of criminals that come together for a specific criminal activity, acting in different roles depending on their skills and expertise. Collaboration is reinforced by shared experiences (such as prison), or recommendation from trusted individuals. Others are bonded by family or ethnic ties.   |   |

| Measures to prevent – and support victims of – discrimination in all its forms; measures to promote counter-narratives online and offline.  |   |
| <b>1516005</b>  | <b>Domestic and gender-based violence</b>         |
| Gender-based violence is violence based on the (perceived) gender of the victim, which results in, or is likely to result in, physical, sexual, psychological or economic harm or suffering, including threats of such acts, harassment, coercion or arbitrary deprivation of liberty, whether occurring in public or in private life. The term is often used synonymously with the term violence against women, but the 'gender-based' aspect of the concept serves to highlight the fact that violence against women is an expression of power inequalities between women and men. Although not exclusive to women and girls, domestic and gender-based violence principally affect them across all cultures. Domestic violence is physical, sexual, psychological or economic violence that occurs within the family or domestic unit or between former or current spouses or partners, whether the perpetrator shares or has shared the same residence with the victim.   |   |

| <b>3218202</b>   | <b>Green growth</b>  |
| Sustainable economic growth and development that is efficient in its use of natural resources and/or minimizes pollution and environmental impact.   |  |
| <b>3218203</b>   | <b>Welfare and health technologies</b>                     |
| Technology that assists or delivers welfare service. The term 'Health Technology' refers to the application of organized knowledge and skills in the form of devices, medicines, vaccines, procedures and systems developed to solve a health problem and improve quality of lives.  |  |
| 41 Environment and Climate Change  |  |
| <b>4101000</b>   | <b>Environmental policy and administrative management</b>  |
| Environmental policy, laws, regulations and economic instruments; administrative institutions and practices; environmental and land use planning and decision-making procedures; seminars, meetings; miscellaneous conservation and protection measures not specified below.   |  |
| <b>4101001</b>   | <b>Marine and inland water management</b>                  |
| Measures for the prevention of environmental status, of the relevant water body (sea, coastal zone, river, reservoirs/aquifers etc), reduction and or downgrading.   |  |
| <b>4101002</b>   | <b>Spatial planning</b>                                    |
| Methods, techniques and approaches used by the public and private sector to influence the distribution of people and activities in spaces of various scales. Includes aerial surveillance or collection of geographical information by other methods such as remote sensing (e.g. by satellite), surface and terrain modelling, dissemination of geographical information to relevant user groups. |  |
| <b>4101003</b>   | <b>Climate Change policy and administrative management</b> |
| Climate change policy, laws, regulations and economic instruments; administrative institutions and practices; planning and decision-making procedures adapted to a changing climate; seminars, meetings; miscellaneous mitigation/adaptation/low carbon measures not specified below.  |  |
| <b>4101004</b>   | <b>Climate change mitigation</b>                           |
| Includes actual measures preventing emissions unless covered by energy codes   |  |
| <b>4101005</b>   | <b>Carbon capture and storage</b>                          |
| Capture, transport and storage of CO2 from industrial sources, including power production.   |  |
| <b>4101006</b>   | <b>Climate change adaptation</b>                           |
| Measures for adapting to climate change unless covered by other environment, climate or energy codes.  |  |
| <b>4102001</b>   | <b>Air pollution control</b>                               |
| The techniques employed to reduce or eliminate emissions of non-greenhouse gases that can harm the environment or human health.  |  |
| <b>4102004</b>   | <b>Greenhouse gas reduction</b>                            |
| A reduction in absolute (or total) emissions over time   |  |
| <b>4102005</b>   | <b>Hazardous substance</b>                                 |
| Any substance, whether solid, liquid or gas, that may cause harm to the environment now or in the future, your health or the health of future generations. Includes radiation and radioactive waste (this is an exception because this is normally a separate code, but we only have this in one or two programmes).   |  |
| <b>4102006</b>   | <b>Waste / Recycling</b>                                   |
| Municipal and industrial solid waste management, including hazardous and toxic waste; collection, disposal and treatment; landfill areas; composting and reuse.  |  |
| <b>4102007</b>   | <b>Circular economy</b>                                    |
| Any measure aiming at increasing the value and lifetime of products and materials and maintain these as long as possible. Waste and resource use are minimised, and when a product reaches the end of its life, it is used again to create further value.  |  |
| <b>4103000</b>   | <b>Biodiversity</b>  |
| Including natural reserves and actions in the surrounding areas; other measures to protect endangered or vulnerable species and their habitats (e.g. wetlands preservation).   |  |
| <b>4103001</b>   | <b>Red list species</b>                                    |
| Measures targeted at preventing the extinction, reducing the likelihood of extinction or improving the habitat conditions of any species (or sub-species) on the IUCN's 'Red list' (at the time of the planning of the programme).   |  |

| <b>4105000</b>   | <b>Flood prevention/control</b>                          |
| Floods from rivers or the sea; including sea water intrusion control and sea level rise related activities.  |  |
| <b>4105801</b>   | <b>Drought prevention</b>                                |
| Drought-related policies and plans that emphasize in drought prevention.   |  |
| <b>4108100</b>   | <b>Environment and Climate Change education/training</b> |
| Trainings (short or long-term, credit awarding or not) aimed at increasing the competence of relevant target groups.   |  |
| <b>43 Other Multisector</b>  |  |
| <b>1118200</b>   | <b>Educational research</b>                              |
| Research and studies on education effectiveness, relevance and quality; systematic evaluation and monitoring.  |  |
| <b>1218200</b>   | <b>Medical research</b>                                  |
| General medical research (excluding basic health research).  |  |
| <b>2318200</b>   | <b>Energy research</b>                                   |
| Including general inventories, surveys.  |  |
| <b>3118200</b>   | <b>Agricultural research</b>                             |
| Plant breeding, physiology, genetic resources, ecology, taxonomy, disease control, agricultural bio-technology; including livestock research (animal health, breeding and genetics, nutrition, physiology).  |  |
| <b>3128200</b>   | <b>Forestry research</b>                                 |
| Including artificial regeneration, genetic improvement, production methods, fertilizer, harvesting.  |  |
| <b>3138200</b>   | <b>Fishery research</b>                                  |
| Pilot fish culture; marine/freshwater biological research.   |  |
| <b>4108200</b>   | <b>Environmental research</b>                            |
| Including establishment of databases, inventories/accounts of physical and natural resources; environmental profiles and impact studies if not sector specific.  |  |
| <b>4308200</b>   | <b>Research/scientific institutions</b>                  |
| When sector cannot be identified.  |  |
| <b>4308201</b>   | <b>Climate change research</b>                           |
| Research on the variability of Earth's climate, ecosystems, and other environmental systems in the past, present and future, and on the interaction between humans and the natural environment   |  |
| <b>4308202</b>   | <b>Carbon capture and storage research</b>               |
| Research and studies on the development and application of carbon capture, transport and storage solutions   |  |
| <b>4308203</b>   | <b>Marine research</b>                                   |
| Research on physical, biological and chemical oceanography   |  |
| <b>4308204</b>   | <b>Gender research</b>                                   |
| Equality research, women's and feminist studies, research on men and masculinities and queer studies.  |  |
| <b>4308205</b>   | <b>Health research</b>                                   |
| Research in areas such as antimicrobial resistance (AMR), brain research, cancer, cardiovascular disease, chronic disease, diabetes, Ebola, merging and Re-Emerging Infectious Diseases (EIDs), Health promotion and health services, HIV/AIDS, Human development and ageing, Malaria, rare diseases, Tuberculosis, Zika |  |
| <b>4308206</b>   | <b>Energy research</b>                                   |
| Research on energy management, production, conversion, conservation, systems, technologies and applications, and their impact on the environment and sustainable development.  |  |
| <b>4308208</b>   | <b>Social science and humanities research</b>            |
| Research in economics, political science, human geography, demography, sociology, anthropology, archaeology, jurisprudence, history, linguistics.  |  |
